

Sound Wall Materials

UFLI Sound Wall

The Sound Wall materials provided here align with the *UFLI Foundations* lessons. Included in the UFLI Sound Wall set are the following:

- o phoneme cards with mouth pictures to represent the articulatory gesture associated with each phoneme,
- o labels for the sound wall displays, including the place and manner of articulation for consonants, and
- o grapheme cards that can be added to the sound wall one at a time, as the grapheme-phoneme correspondences are taught.

Refer to the "Getting Ready" lessons in the *UFLI Foundations* manual for guidance in building the sound wall.
