

Australian Edition Sound Wall Materials

UFLI Sound Wall - Australian Edition

The Sound Wall materials provided here align with the *UFLI Foundations - Australian Edition* lessons. Included in the UFLI Sound Wall set are the following:

- o phoneme cards with mouth pictures to represent the articulatory gesture associated with each phoneme,
- o labels for the sound wall displays, including the place and manner of articulation for consonants, and
- o grapheme cards that can be added to the sound wall one at a time, as the grapheme-phoneme correspondences are taught.

Refer to the "Getting Ready" lessons in the *UFLI Foundations - Australian Edition* manual for guidance in building the sound wall.

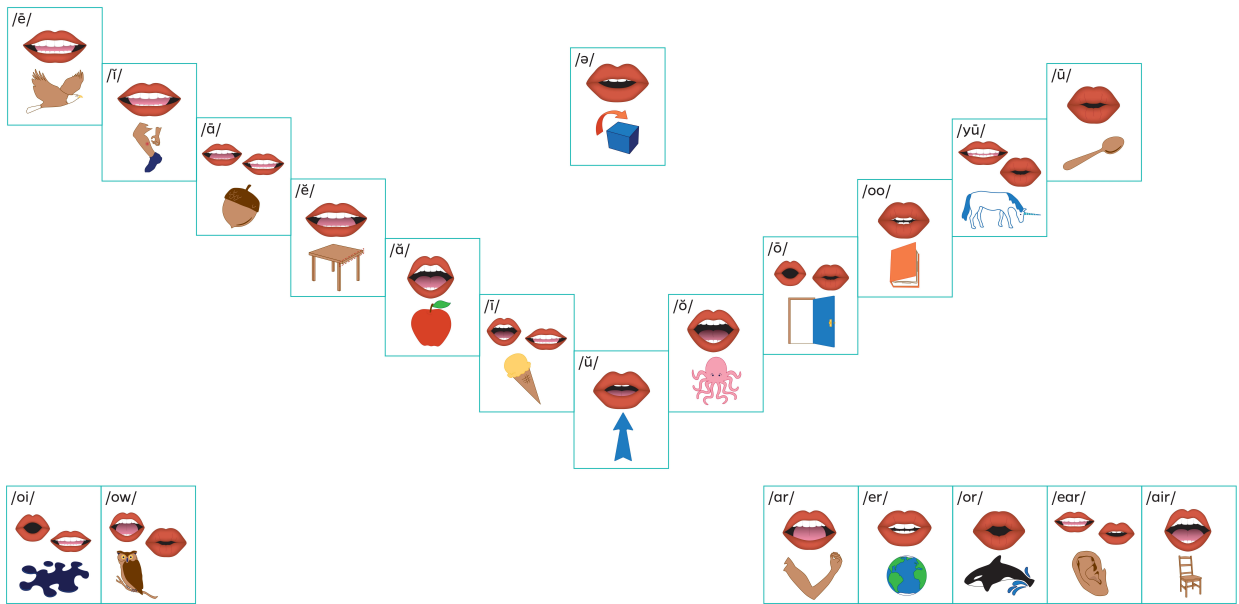

Sound Wall Picture Card Key

This key is for teacher reference only, not for use with students.

 /ă/ apple	 /ě/ edge	 /ĩ/ itch	 /õ/ octopus	 /ũ/ up	 /ā/ acorn	 /ē/ eagle	 /ī/ ice cream

Layout of Completed Sound Wall Charts - Australian Edition

Sound Wall Chart: Vowel Valley

The Australian Vowel Valley is used as part of the UFLI Foundations Scope and Sequence. It supports the appearance of r-controlled vowels and their orthography in Australia for the purpose of teaching children to read and spell.
